Caution

About the installation

- In order to improve the projector service life,
  It shouldnot place in a wet and
  ventilation condition。

- Donot put the projector under the sunshine
  directly。

- Projector working temperature: $0\,℃\sim+70\,℃$。
  Projector store temperature : $-20\,℃\sim+70\,℃$。

- Donot block the ventilation-window
  of projector
  If the projector interior temperature
  are too hot . the machine will be shut
  off automatically.This is hot -
  protected system.
  So please clean the filter of projector
  per month . It is very important.
  Donot let the dust cover the filter.

- About Open and close the projector

- when open the projector ,connect
  the power cable and press the "power"
  key on the panel .the projector will
  work ,bnt the lamp will be bright more
  and more .After 5 minutes, the lamp work
  normally

- when close the projector , press the power
  kcy again . And then the lamp shut off.
  But the fans still work until 5minutes later.
  When close the projector ,donot pull out
  the powcr cable directly . After 5minutcs,
 the projector will shut off automatically.

Warning:

Fans will adjust the temperature , It is controlled by system , when the projector work,
the fans turn slowly or quickly, so the fans noise are different。 But it is normal。
when the projector work ,donot pull out the pwer cable。 If the fans stop to work,it will cause
the projector interior temperature very high, so it may damage the projector.

CAUTIONS:
1) The nsh interface support USB1.1
   USB2.0,inclnding hard drive and fresh
   drives

2) The max. Storage supported is 400Gb

3) The system format supported:
   FAT16、FAT32、NTFS

4) The usb interface can support
   most drives but is not universal,
   any unknown device problem is caused
   by the device drive

5) The total voltage of the connected devices
   shall not be over 1200mAh,the problems casued
   by the wrong operation will not be warranted

Packing list & Accessories

Please confirm the following after you open the package

Packing list:

```
Projector----------------------------1
Lens  lid----------------------------1
Remote     control-------------------1
Power  cable-------------------------1
AV     cable-------------------------1
User   manual-----------------------1
Extra   fuse-----------------------1
Len  cleaner------------------------1
PWM4x8 screws---------------------1
```

Optional accessories:

1. Projector screen (Matt White,Electric)
2. Ceiling Mounts

Warranty clause

1,warranty range
All projector is purchased by our distributor
or agent ,we offer the warranty service during
valid warranty time.

2,warranty time
From the date of production in the projector label,
we offer 12 months warranty period for projector.
But the halogen lamp only have 6 months warranty;
the LED lamp have 24months warranty

3,warranty condition(except for following status)
1)warranty card or purchased invoice are lost.
2)alter or dilacerate the date of production in the projector lable
3)user do not operate the projector accroding to
 use manual and damage the projector
4)projector is out of warranty time
5)Flood fire as natural disasters and all the factors of force
majeure damage

4,warranty service
if your projector is broken during the warranty period,
please contact the distributor where you bought .They
will offer you the repairement serivce .
